

What's really going on with the feral goat population?

Join Western Local Land Services for our upcoming webinar.

The two presenters for the webinar are:

Dr Steve McLeod, Vertebrate Pest Unit, NSW Department of Primary Industries

- aerial survey results
- population trend data
- Goat Industry Data Collation and Tracking Project.

Courtney Ellery, Western Local Land Services

- controlling total grazing pressure
- what are we learning from the Landscape Scale Goat Project?

Webinar details:

Date:

Wednesday 9 August.

Time:

1 pm AEST.
